SUMMARY

Frontend Developer with hands-on experience in building responsive and performant web applications using React.js and modern frontend practices. Familiar with Next.js concepts including SSR, SSG, ISR, and App Router. Experienced in integrating REST APIs, creating reusable components, and improving Core Web Vitals through lazy loading and code-splitting. MCA graduate with full-stack project and internship experience.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), TypeScript (Basic), SQL, C++
- **Frontend Technologies:** React.js, HTML5, CSS3, Tailwind CSS
- **Backend & Databases:** Node.js (Basic), Python (Flask), MongoDB
- **APIs & Integration:** RESTful APIs, OData Services, Postman
- **Cloud & Deployment:** AWS (Cloud Practitioner Certified), Vercel, Netlify, Render
- **Version Control:** Git, GitHub
- **Tools:** Visual Studio Code, Anaconda

SOFT SKILLS

Team collaboration, Problem-solving, Clear communication, Adaptability

EXPERIENCE

Sparrow Softech Pvt. Ltd.

January 2026

React Developer Trainee

- Resolved Node.js version conflicts while rendering Form.io on the website, ensuring stable execution on Node.js 14 and addressing UI/CSS issues.
- Assisting in timely execution of assigned responsibilities while following company standards and procedures.
- Gaining hands-on exposure to software development tasks, IT operations, and professional workplace practices.
- Collaborating with team members to understand real-world project workflows and improve technical skills.

SmartCardAI

August 2025

Full Stack Developer Intern

Remote

- Implemented and maintained full-stack web applications using React.js and Flask.
- Integrated Google Sheets API with secure authentication to enable real-time data updates and workflow automation.
- Built, tested, and deployed RESTful APIs for user authentication, database operations, and analytics to ensure production readiness.
- Tested Generative AI prompts to verify accurate dashboard creation and ensure reliable output for end-users.

PROJECTS

DocEase – Doctor Recommendation Platform

March 2025

React, Node.js, MongoDB

GitHub — Live Demo

- Engineered a full-stack doctor recommendation platform with secure user authentication and role-based access.
- Implemented Redux for state management and integrated REST APIs with MongoDB.

Portfolio Website

December 2024

React, TypeScript, JavaScript, HTML, CSS

GitHub — Live Demo

- Created and optimized a responsive personal portfolio using React and TypeScript.
- Optimized layout and assets to improve page load time and user experience.

EDUCATION

Pranveer Singh Institute of Technology

2023 – 2025

Master of Computer Applications (MCA)

Kanpur, Uttar Pradesh

S.P.B. Sanatan Dharam Degree College

2020 – 2023

Bachelor of Science (B.Sc)

Unnao, Uttar Pradesh

CERTIFICATIONS

- **Australia Technology Job Simulation on Deloitte** — June 2025
- **Australia Cyber Job Simulation on Deloitte** — June 2025
- **AWS Cloud Practitioner Essentials** — Certified by Amazon Web Services — January 2025
